YoDr Social Media Content Plan

12 carousels and 5 short videos, in posting order · Updated 13 Nov 2026

> Every post opens with a hook and moves from the clinic's problem to YoDr's solution. This version leads with problem-solving, comparison, before/after and buying-intent content: buying posts start in week 1 instead of week 3, and each buying post follows the informational post whose problem it answers. All claims are checked against yodr.live.

1. Content mix

Angle	Posts
Comparison	Paper vs Excel vs YoDr (carousel) · Paper vs YoDr prescription race (video)
Before / after	A clinic day: before vs after (carousel) · 9 am at a clinic (video) · I almost gave up on my clinic (video)
Problem-solving (info)	Count the calls · ₹ math of a missed follow-up · 5 signs your clinic has outgrown paper · Costs less than your tea (myth vs fact) · Your handwriting is costing you patients · Patient journey (video) · Vox pop (video)
Buying intent	Will YoDr pay for itself? · What ₹3,999 gets you · Which plan is right for you? · 7 questions before you buy · 6 biggest doubts answered
Totals	12 carousels (6 info, 6 buying) + 5 videos = 17 posts over 5 weeks

2. 5-week posting sequence

Post at 1–2 pm or after 8 pm, when doctors are between OPD sessions or done for the day. Videos also go to YouTube Shorts; business and money posts also go to LinkedIn.

POST #1 · WEEK 1 · MON · INFO Problem-solving

Carousel 1: "Count the calls"

Format: relatable pain list · Pain: the phone never stops · Product: online booking + automated reminders

Slide	Copy
1 · Hook	Hook: "Doctor, how many times did your clinic phone ring before 10 am today?"
2	"Can I get an appointment?" — call #1
3	"What time is the doctor coming?" — call #4
4	"Is my report ready?" — call #9
5	"I forgot my follow-up date." — call #14
6	Your receptionist isn't slow. Your system is.
7	With YoDr: patients book online, get booking confirmations and reminders, and hear when reports are ready, with WhatsApp updates depending on your plan and setup.
8 · CTA	CTA: "Let the phone rest. Book a free demo → link in bio"

Caption: Every call your front desk takes is a patient waiting in the queue. YoDr can move bookings, reminders and report updates to WhatsApp (depending on your plan and setup), so your team can focus on the people in front of them. Comment CALLS and we'll show you how it works in your clinic.

POST #2 · WEEK 1 · TUE · INFO-VIDEO Comparison

Video 2: "Paper vs YoDr: the prescription race"

Length: 25 s · Format: split-screen challenge with a timer · Pain: slow, unreadable prescriptions · Product: digital prescriptions

Hook (0–2 s): a doctor slams a pen on the desk next to a phone. On-screen text: "Paper vs app. Which prescription is faster?"

Time	Visual	Dialogue / voice	On-screen text
0–2 s	Split screen: pen and pad on the left, YoDr on the right	"Ready… go!"	Paper vs app
2–12 s	Left: writing, rewriting history, stamping. Right: template, tap, done.	(ticking clock)	Use the real times you measure on the day
12–16 s	Right side: prescription saved to history and shared securely	—	Shared securely ✓
16–20 s	Left side: a pharmacist on the phone: "What medicine is this?"	Pharmacist: "Doctor, I can't read this…"	—
20–25 s	Doctor turns to the camera	"Less writing. More treating."	Free demo → link in bio

Caption: We timed it. Guess the difference before you watch the end.

POST #4 · WEEK 1 · FRI · INFO Before / after

Carousel 8: "A clinic day: before vs after"

Format: before/after split slides (red left, green right) · Pain: daily chaos · Product: full workflow

Slide	Copy
1 · Hook	Hook: "Same clinic. Same doctor. Two very different days."
2	9:00 am: Before: 12 missed calls. After: today's bookings already confirmed.
3	10:30 am: Before: "Where's the old file?" After: full patient history in one tap.
4	12:00 pm: Before: handwritten prescription. After: a clear digital prescription, shared securely.
5	4:00 pm: Before: patients asking "How long?" After: the team sees the day's queue and who's next.
6	8:00 pm: Before: billing totals don't match. After: the day's billing report in one view.
7	Next week: Before: patients forget to return. After: automatic follow-up reminders bring them back.
8 · CTA	CTA: "Which day do you want tomorrow? Book a free demo."

Caption: Your medicine is the same in both versions. The system around it is what changes. Swipe through and tell us which 'before' hits closest to home.

POST #5 · WEEK 2 · MON · INFO Problem-solving

Carousel 3: "The ₹ math of a missed follow-up"

Format: money math · Pain: lost repeat visits · Product: auto-recall follow-ups

Slide	Copy
1 · Hook	Hook: "Every missed follow-up is money leaving your clinic. Let's do the math."
2	Say 10 patients a week forget their follow-up.
3	At your consultation fee, how much is that a month? (Write your number here → ____)
4	And that's before the tests, procedures and referrals that never happen.
5	Worse: the patient's health suffers, and they may never come back.
6	Why it happens: reminders depend on someone remembering to call.
7	With YoDr: follow-up dates are set at the visit, and automated reminders go out, on WhatsApp where your plan and setup include it.
8 · CTA	CTA: "Make follow-up a system, not a chase. DM 'RECALL'."

Caption: Missed follow-ups hurt patient care and clinic revenue at the same time. YoDr sends follow-up reminders automatically, so patients come back on time. Want to see what this looks like in your clinic? DM RECALL.

POST #6 · WEEK 2 · TUE · INFO-VIDEO Before / after

Video 1: "9 am at a clinic" (comedy skit)

Length: 30 s · Format: relatable skit, with a sound-led hook · Pain: nonstop calls · Product: online booking + automated reminders

Hook (0–2 s): a phone rings, then a second phone, then a third. The receptionist looks at the camera, exhausted. On-screen text: "POV: 9 am at a clinic without YoDr"

Time	Visual	Dialogue / voice	On-screen text
0–2 s	Phones ringing; receptionist juggles 2 handsets	(ringing)	POV: 9 am at a clinic without YoDr
2–8 s	Quick cuts of calls	"Appointment?" "Is the doctor in?" "Report ready?"	Call #1… #7… #15
8–12 s	The queue grows; a patient taps their watch	Patient: "How much longer?"	Meanwhile, the waiting room…
12–14 s	Hard cut: receptionist snaps fingers; the phones go silent	—	Now with YoDr
14–24 s	Screen recording: booking confirmed, reminder sent, queue updated	VO: "Patients book online and get automatic reminders. Your phone finally rests."	Booking ✓ Reminder ✓ Queue ✓
24–30 s	Receptionist sips tea and smiles at a patient	VO: "YoDr. Doctors treat, software operates."	Book a free demo → link in bio

Caption: Tag the clinic team that lives this every morning.

POST #7 · WEEK 2 · WED · BUYING Problem-solving (ROI)

Buying carousel 7: "Will YoDr pay for itself? Do the math."

Buying signal: ROI justification · Engagement: "comment your consultation fee" · Plan: OPD Management · Answers the missed follow-up post before it

Slide	Copy
1 · Hook	Hook: "Not sure clinic software is worth the money? Let's count how many visits it takes to pay for itself."
2	Cost: OPD plan ₹3,999 + 18% GST = ₹4,719 a year.
3	Example: consultation fee ₹400.
4	₹4,719 ÷ ₹400 = 12 visits a year.
5	That's 1 extra visit a month: one patient who returns for a follow-up because of an automated reminder.
6	Everything after that is profit, plus the time your staff save on calls and billing.
7	Your turn: comment your consultation fee and we'll reply with your break-even number.
8 · CTA	CTA: "Start recovering missed visits. Free demo → link in bio"

Caption: If YoDr's reminders bring back one patient a month, the plan has paid for itself. Comment your consultation fee and we'll do your math.

POST #8 · WEEK 2 · FRI · INFO Problem-solving

Carousel 4: "5 signs your clinic has outgrown paper"

Format: checklist (save-worthy) · Pain: chaos as the clinic grows · Product: full clinic platform

Slide	Copy
1 · Hook	Hook: "5 signs your clinic has outgrown paper. How many do you tick?"
2	Sign 1: you search for a file while the patient waits.
3	Sign 2: the queue only moves when someone shouts the next name.
4	Sign 3: billing totals never match at day's end.
5	Sign 4: the same patient gives the same history three times.
6	Sign 5: you don't know how many patients you saw last month.
7	Ticked 3 or more? YoDr brings booking, records, prescriptions, billing and reports into one app. Setup takes 24 hours, and you don't need an IT team.
8 · CTA	CTA: "Comment your score (0–5) and book a free demo."

Caption: Be honest: how many did you tick? Most growing clinics tick at least 3. Comment your score below and tag a doctor friend who needs this.

POST #9 · WEEK 3 · MON · INFO Problem-solving (myth vs fact)

Carousel 7: "Clinic software costs less than your tea"

Format: myth vs fact · Pain: fear that software is expensive and complicated · Product: OPD Management plan

Slide	Copy
1 · Hook	Hook: "Your clinic software should cost less than your daily chai. Here's proof."
2	Myth: "Clinic software costs lakhs." Fact: YoDr OPD starts at ₹3,999 a year + GST, about ₹13 a day including GST.
3	Myth: "I need an IT team." Fact: no IT team needed. YoDr sets it up for you.
4	Myth: "It takes months to start." Fact: setup in 24 hours.
5	Myth: "My staff won't learn it." Fact: your team gets practical onboarding, training and support during setup.
6	Myth: "My data won't be safe." Fact: YoDr runs on a secure cloud platform.
7	What you get: booking, schedule, prescriptions, billing and reports.
8 · CTA	CTA: "Stop guessing, start a demo. Link in bio."

Caption: ₹3,999 a year for appointments, prescriptions, billing and reports. That's about ₹13 a day including GST. Which myth did you believe? Tell us below.

POST #10 · WEEK 3 · TUE · INFO-VIDEO Problem-solving

Video 4: "A patient's journey in 20 seconds" (screen recording)

Length: 20 s · Format: fast "watch this" phone screen recording · Pain: a clunky patient experience · Product: patient booking, WhatsApp, reports

Hook (0–2 s): a phone in hand, a thumb tapping fast. On-screen text: "Your patients can do THIS without calling your clinic"

Time	Visual	Dialogue / voice	On-screen text
0–2 s	Phone in hand; the YoDr booking page opens	Upbeat trending sound	Your patients can do THIS
2–6 s	Search "cardiologist Bhubaneswar" → pick a slot	—	1. Find a doctor
6–10 s	Booking confirmation arrives	Notification sound	2. Instant confirmation
10–14 s	Reminder message the day before	Notification sound	3. Reminder, no calls
14–17 s	Report-ready update on the phone	—	4. Report-ready update
17–20 s	YoDr logo with a CTA	—	Give your patients this → link in bio

Caption: Fewer calls. Less waiting. No lost slips. Doctors, this is the experience your patients want.

POST #12 · WEEK 3 · FRI · BUYING Plan selection

Buying carousel 2: "Which YoDr plan is right for you?"

Buying signal: plan selection · Engagement: "comment your letter" quiz · Plans: OPD, PathoLab, Clinic ERP

Slide	Copy
1 · Hook	Hook: "Confused about which clinic software you need? Answer 1 question and we'll tell you which YoDr plan fits."
2	What do you run? A) a solo or small clinic B) a pathology lab or diagnostic centre C) a multi-doctor clinic or small hospital with a pharmacy
3	Mostly A → OPD Management: booking, prescriptions, billing. ₹3,999/year + GST.
4	Mostly B → PathoLab Management: registration, sample collection, test reports, billing. ₹6,999/year + GST.
5	Mostly C → Clinic Management ERP: supplier, stock and pharmacy, expiry alerts, central billing and analytics. Custom plan.
6	Not sure? Start with the plan that fits today, and talk to us about adding modules as you grow.
7	YoDr's onboarding covers setup, training and support.
8 · CTA	CTA: "Comment A, B or C and we'll DM you the plan details."

POST #13 · WEEK 4 · MON · INFO Problem-solving

Carousel 2: "Your handwriting is costing you patients"

Format: bold claim + proof · Pain: paper prescriptions · Product: digital prescriptions

Slide	Copy
1 · Hook	Hook: "Your handwriting might be costing you patients."
2	The pharmacist calls to confirm the medicine.
3	The patient loses the slip before the follow-up.
4	You rewrite the same history every visit.
5	Paper can't remind anyone of anything.
6	With YoDr: a clear digital prescription in seconds, saved to the patient's history and shared securely.
7	Templates set up for your clinic during onboarding.
8 · CTA	CTA: "Write less. Treat more. Free demo → link in bio"

Caption: Paper prescriptions feel quick until someone calls to ask what you wrote. Digital prescriptions with YoDr are readable, saved and easy to share. Save this post for your next clinic team meeting.

POST #14 · WEEK 4 · WED · BUYING Buyer checklist

Buying carousel 4: "7 questions to ask before you buy clinic software"

Buying signal: active evaluation · Engagement: save (buyer checklist) · Product: YoDr as the answer key

Slide	Copy
1 · Hook	Hook: "Bought software your staff never used? Before you buy again, ask these 7 questions."
2	1. How long is setup? YoDr: 24 hours.
3	2. Do I need an IT team? YoDr: no. Your team gets practical onboarding and support during setup.
4	3. Can patients book online and get WhatsApp reminders? YoDr: online booking and reminders, yes; WhatsApp communication depends on your plan and setup.
5	4. Are prescriptions, billing and reports in one place? YoDr: yes, in one connected platform.
6	5. Where is my data stored? YoDr: a secure cloud platform.
7	6. Is the price clear? YoDr: ₹3,999 (OPD) or ₹6,999 (PathoLab) a year + GST, published on the website. 7. Is there local support? YoDr: a team in Bhubaneswar.
8 · CTA	CTA: "Ask us all 7 in a free demo. DM 'DEMO'."

Caption: Save this checklist and use it with any software vendor, including us. We're happy to be tested. DM DEMO to book yours.

POST #15 · WEEK 4 · SAT · INFO-VIDEO **Before / after (testimonial)**

Video 3: "I almost gave up on my clinic" (doctor story)

Length: 45 s · Format: real testimonial, story arc · Pain: burnout from admin · Product: full platform. Film with a real YoDr doctor (for example the doctor in the website testimonial), with their written consent.

Hook (0–3 s): close-up of the doctor, serious. Line: "I became a doctor to treat patients. Not to manage paperwork till 10 pm."

Time	Visual	Dialogue / voice	On-screen text
0–3 s	Close-up of the doctor	Hook line above	Dr. [Name], [City]
3–15 s	B-roll: paper files, a crowded desk, the phone ringing	"Files everywhere. Patients calling. Follow-ups forgotten."	The problem
15–30 s	Doctor using YoDr on a tablet; reminder on a patient's phone	"With YoDr, booking, prescriptions and follow-ups are in one place."	The change
30–40 s	Calm waiting room; doctor chatting with a patient	"Now I go home on time, and my patients actually come back."	The result
40–45 s	Doctor to camera	"If your clinic feels chaotic, try it."	Book a free demo → link in bio

Caption: Real doctor. Real clinic. Real change. Watch how Dr. [Name] took back their evenings.

POST #16 · WEEK 5 · MON · BUYING **Objection handling**

Buying carousel 8: "Doctors' 6 biggest doubts, answered honestly"

Buying signal: objection handling · Engagement: "ask your doubt" comment · Product: whole platform

Slide	Copy
1 · Hook	Hook: "'I'm interested, but…' Doctors' 6 biggest doubts about clinic software, answered."
2	"My staff aren't tech-savvy." No IT person is needed; your team gets practical onboarding and support during setup.
3	"Is my patient data safe?" YoDr runs on a secure cloud platform.
4	"It will take too long to set up." Setup takes 24 hours, and you don't need an IT team.
5	"I'm always on my phone, not a computer." YoDr has a doctor app on Google Play and the App Store.
6	"It must be expensive." OPD is ₹3,999 a year + GST, about ₹13 a day.
7	"What about my existing patient records?" Ask us in the demo how we'll handle your current records during setup.
8 · CTA	CTA: "Still have a doubt? Comment it below or call +91-9090990966."

Caption: Every doctor has a 'but'. Here are the 6 we hear most, with honest answers. Got a different one? Drop it in the comments and we'll reply to every question.

POST #17 · WEEK 5 · WED · INFO-VIDEO Problem-solving

Video 5: "We asked doctors one question" (vox pop)

Length: 40 s · Format: street or clinic-corridor interviews, quick cuts · Pain: a mix of real pains, said by doctors · Product: full platform

Hook (0–2 s): mic to a doctor. Interviewer: "Worst part of running a clinic?"

Time	Visual	Dialogue / voice	On-screen text
0–2 s	Mic to a doctor	Interviewer: "Worst part of running a clinic?"	We asked doctors one question
2–20 s	5–6 quick answers (real doctors, unscripted)	Expected answers: "The calls." "Patients don't come for follow-up." "Billing." "Finding old files."	Each answer as a big caption
20–30 s	Interviewer reveals a phone with YoDr	"What if one app fixed all of that?"	Calls ✓ Follow-ups ✓ Billing ✓ Records ✓
30–37 s	Doctors react; one says "Show me!"	Real reactions	—
37–40 s	Logo with a CTA	—	Doctors, what's YOUR answer? Free demo → link in bio

Caption: Every doctor gave a different answer, and YoDr fixes every one of them. What's yours? Comment below.

Hashtags: #DoctorsOfOdisha #ClinicManagement #YoDr

Shooting note for all videos: use only real doctors, with signed consent. Never show patients' faces, names or records on screen; blur the phone screens if real data appears. Testimonial and vox-pop lines are guides; use the doctors' own words.

4. Verified fact sheet

Every claim in this plan has been checked against yodr.live (checked 13 Nov 2026). If a post needs a claim that isn't in this table, confirm it with the YoDr team before it goes out.

Topic	Safe to say	Don't say
OPD plan	₹3,999 a year + 18% GST (25% off ₹5,332): clinic and doctor management, daily schedule, patient booking, live consultation, prescriptions, billing and reports	Any other price or bundle (there is no ₹999 plan)
PathoLab plan	₹6,999 a year + 18% GST (50% off ₹13,998): user roles, lab management, patient registration, sample collection, test reports, billing and reports	That the offer has a deadline, unless the team sets one
Pharmacy / Clinic ERP	Supplier and stock management, counter sales, expiry alerts, inventory analytics, central billing; custom plan on +91-9090990966	A fixed price
Setup	"Setup in 24 hours" and "No IT team needed"	An hour-by-hour schedule (timelines depend on the practice setup)
Onboarding	Setup → Training → Operate → Support: practical onboarding and support during setup	"Training is free" or "included in the price"
WhatsApp	WhatsApp-led appointment, report and follow-up communication, depending on the plan and setup	That every plan sends WhatsApp messages; that prescriptions are sent on WhatsApp
Prescriptions	Clear digital prescriptions, saved to patient history and shared securely	"Sent to the patient's WhatsApp"
Reminders and follow-ups	Automated reminders and auto-recall follow-up workflows	Guaranteed return rates
Queue	The clinic team sees the schedule and the queue	That patients can see their place in the queue
Data	Secure cloud platform	Certifications (ISO, HIPAA and so on) unless confirmed
Apps	YoDr Doctor app on Google Play and the App Store	Features of the apps not shown on the site
Demo	A free demo is available	A fixed demo length, unless sales confirms it
Contact	Phone +91-9090990966, hello@yodr.live, Bhubaneswar office	That this number is on WhatsApp, unless confirmed
Results	Real clinic results with consent	The website's illustrative "30–50% fewer calls" figure or any invented statistic

5. Content rules

Every post follows one structure: **Hook → Pain → Agitate → Solution → CTA**.

- Talk like a friendly colleague, not a software brochure. Short lines, one idea per slide.
- Lead with the doctor's pain, never with the feature list.
- Use only real numbers: prices (₹3,999, ₹6,999), "setup in 24 hours", "no IT team".
- Write in English with Odia subtitles; post an Odia version of the best performers.
- Carousel colours: red/grey for "before" or pain slides, green/blue for "after" or solution slides. Hook text fills at least 40% of slide 1.
- Real clinic photos and real app screenshots beat stock images. Blur any patient data.

6. Production checklist and KPIs

Shoot all 5 videos in 2 half-days at 1–2 client clinics, and design the 12 carousels in Canva in one week.

- Book 1–2 client clinics for the shoot and get signed consent from everyone on camera.
- Record clean screen captures of YoDr (booking, confirmation, reminder, prescription, billing report) using demo data only.
- Set up a "link in bio" page with UTM-tagged links to /book-demo and a tap-to-call link for +91-9090990966.
- Set up DM auto-replies for the keywords used in this plan: **CALLS, RECALL, PRICE, DEMO**.
- Before each post: hook readable in under 2 seconds, every claim matches the fact sheet, no patient data visible, one clear CTA.

KPI	What it shows	4-week target
Saves per carousel	Content worth keeping	30+
Shares per post	Spread to other doctors	20+
3-second video hold rate	Whether the hook works	60%+
Keyword DMs (CALLS, RECALL, PRICE, DEMO)	Engagement turning into leads	40 in total
Demo bookings from social (UTM)	Real business impact	10
Instagram followers	Audience growth	+500
